Note: This guide walks through the CAB Receipt Submission web app exactly as it appears on screen. No installation is required — the tool runs entirely in your web browser, on desktop or mobile.

1. What Is This Tool?

The CAB Receipt Submission tool is the official way for Canyon Activities Board (CAB) members to log purchases made for CAB events and activities. Every purchase made with a CAB-associated card needs a matching receipt entry so it can be tracked and reviewed by staff.

There are two ways people use this tool:

New Users Anyone submitting an expense	Fill out the public form to log a purchase and upload a photo or file of the receipt. No login or account is required.
New Staff Admins who review spending	Use the password-protected Admin Dashboard to review receipts by team, manage staff notification routing, manage the list of teams, and customize the form.

Once submitted, a receipt is instantly saved and any staff member assigned to that team is automatically notified by email — no manual forwarding needed.

2. For New Users — Submitting a Receipt

Open the CAB Receipt Submission link in any browser. You'll land directly on the submission form — this is the main (and default) screen everyone sees.

- 1 Enter your name and team**
Fill in your **First & Last Name** and select your **CAB Team** from the dropdown (e.g. Special Events, Student Markets, Marketing, The Arts, Night Life, Pastimes).
- 2 Add the purchase details**
Enter the **Date of Purchase**, the **Amount** spent in dollars, and the **last 4 digits** of the card used.
- 3 Describe the expense**
In **Event Name and/or Reason for Expense**, briefly explain what the purchase was for (e.g. "CAB Supplies for GGT 2026").
- 4 Add attendees if relevant**
If the purchase was for an event with people in attendance, enter the **Estimated Attendees**. If that number is between 1 and 6, a box will appear asking you to list each attendee's name — this is required for small groups.

5

Attach your receipt

Click the upload area (or drag and drop) to attach a photo or file of your receipt. **JPG, PNG, PDF, DOC, and DOCX** files are accepted, and you can attach more than one.

6

Review your submission

Click **Review & Submit**. A summary window shows everything you entered so you can double check it before it's sent.

7

Confirm

Click **Confirm & Submit**. Your receipt is uploaded and logged immediately, and you'll see a confirmation screen. It's safe to close the tab at that point.

Required fields: Name, Team, Date, Amount, Card (last 4), Reason, and at least one attached file are all required. The form won't submit until every required field is filled in.

3. For New Staff — Accessing the Admin Dashboard

Staff review and manage receipts through a password-protected Admin Dashboard, hidden behind a small link on the submission form.

- 1 Find the Admin Access link**
Scroll to the bottom of the submission form. Below the copyright line is a small **Admin Access** button.
- 2 Enter the admin password**
Click it to open the login window, then enter the current admin password and click **Authorize**. Ask your CAB advisor or an existing staff member for the current password if you don't have it yet.
- 3 You're in**
Once authorized, you're taken straight to the **Receipt Dashboard**, showing every team and its submitted receipts.

Keep the admin password private. Anyone with the password can view every receipt, delete records, and change settings. Only share it with active CAB staff.

4. Reviewing Submitted Receipts

The Receipt Dashboard groups receipts into a card for each CAB team, showing every submission and a running **Team Total** at the top of each card.

- **Open a receipt:** Click any entry in a team's list to open its full details — name, date, amount, card, attendee count, reason, and any attached files.
- **View attached files:** Inside the detail window, click **View File** on any attachment to open it in a new tab.
- **Delete a receipt:** Click the trash icon in the detail window, then confirm. This permanently removes the record from the dashboard (the uploaded file itself is not deleted from storage).

5. System Settings (Staff Only)

From the dashboard, click **System Settings** to manage how the form and notifications work. Remember to click **Save Settings** after making any changes — nothing is saved automatically.

Security & Access

Set a new admin password in the **Change Admin Password** field. Leave it blank to keep the current one. New passwords apply the moment you save.

Dropdown Teams

Type a team name and click **Add** to create a new team option in the submission form. Click the **X** next to any team to remove it.

Staff Alert Routing

Add a staff member's name, email, and the team(s) they should be notified about (hold Ctrl/Cmd to select more than one team). Whenever a receipt is submitted for one of their teams, that staff member gets an automatic email alert.

Customize Form Questions

Edit the label and placeholder text shown on each field of the public submission form — useful for rewording questions without touching any code.

When you're done reviewing, click **Exit Admin** on the dashboard to return to the public submission form.

6. Frequently Asked Questions

Q: Do I need an account to submit a receipt?

A: No. The submission form is open to everyone — no login, username, or account is required.

Q: What file types can I attach?

A: Images (JPG/PNG) and documents (PDF, DOC, DOCX). You can attach more than one file per receipt.

Q: Why is there a box asking for attendee names?

A: It appears automatically whenever you enter an attendee count between 1 and 6, since staff need to know who was present for smaller purchases. It's not required for 0 or 7+ attendees.

Q: I made a mistake after clicking Review & Submit — can I fix it?

A: Yes. In the review window, click **Edit Info** to go back to the form and make changes before confirming.

Q: Is it safe to close the tab after submitting?

A: Yes. Once you see the confirmation screen, your receipt and files are already saved.

Q: I forgot the admin password — who do I ask?

A: Contact your CAB advisor or another current staff member. For security, the password is not listed in this guide.

Q: How do staff get notified about a new receipt?

A: Automatically. When a receipt is submitted for a team, every staff member assigned to that team in **Staff Alert Routing** receives an email right away.

Q: Can I delete a receipt I submitted by mistake?

A: Receipt deletion is limited to staff via the Admin Dashboard. Contact a staff member if a submission needs to be removed.

Questions not covered here? Reach out to your CAB advisor or a current staff member listed under Staff Alert Routing in the Admin Dashboard.
